

The Women's Board of Wolfson Children's Hospital Past Florida Forum Chairs

Florida Forum

Florida Forum is an annual speaker series begun by The Women's Board in 1992. Each Florida Forum season features three to four high-profile personalities who address informative and entertaining topics. Patrons subscribe to the series, affording them a seat at each of the forums. Following each lecture, an open forum is held when patrons are invited to ask questions of the guest speaker. Private receptions for major contributors and the featured guest speaker accompany each forum. Florida Forum has enriched the intellectual and cultural life of Jacksonville, while making a significant contribution to enhance the services of Wolfson Children's Hospital.
